

### **CV-Maria Papageorgiou**

Maria Papageorgiou holds a Diploma in Financial and Management Engineering from the University of the Aegean. In her thesis, Machine Learning techniques were used for the forecasting of air fares. Her research interests fall within computational methods and their application to time series forecasting. She is a member of the Economic Chamber of Greece (since April 2020) and a member of the Panhellenic Association of Financial and Management Engineers, where she has been elected as a member of the Board of Directors and serves as the Treasurer of the Association. Currently, she works as an accountant at N. K. Mourikis-Orthon P.C.
