## Summary

Financial and Management Engineering graduate from the University of the Aegean, specializing in the application of machine learning and AI in engineering and business solutions.

Currently, I am working as a Systems Engineer at J&J, focusing on MES implementations, and as a Project Management & Software Application Development Engineer at Allweb Solutions. At the University of the Aegean, my research explores innovative machine learning applications in business and engineering, furthering my experience in data-driven technologies.

## Experience

### **CAR-T Mfg. System Associate (MES PAS-X)**

Johnson & Johnson Innovative Medicine

May 2024 - Present (1 month)

### **Project Management & Software Application Development Engineer**

Allweb Solutions SA

Apr 2024 - Present (2 months)

### **Researcher**

University of the Aegean

Dec 2023 - Present (6 months)

### **Undergraduate Researcher**

University of the Aegean

Jun 2022 - May 2024 (2 years)

Member of the Business Administration and Decision Making Laboratory, Department of Economics and Management Engineering, Polytechnic School, University of the Aegean

## Education

### **University of the Aegean**

Master's degree, Financial and Management Engineering

Oct 2018 - Oct 2023

Diploma Thesis: Modelling Fault Diagnosis in Rolling element bearings of rotating machines using computational intelligence

Programme Track: Management Engineering and Information Systems  
(Engineering Management and Information Systems)

## Licenses & Certifications

 **Clustering & Classification With Machine Learning In Python** - Udemy

 **The Data Science Course 2023: Complete Data Science Bootcamp** - Udemy

 **Python for Data Science and Machine Learning Bootcamp** - Udemy

 **Certificate of Proficiency in English** - Cambridge University Press & Assessment English

 **French A2 Language Licence** - Sorbonne Université

 **Marketing and Business Communication Strategies** - University of the Aegean

## Skills

Scikit-Learn • Big Data • Learning • Deep Learning • Data Engineering • Project Management • Visualization • Microsoft Office • Data Analytics • Quantitative Analytics
